

icub-main/src/libraries
/icubmod/cartesianController
/CommonCartesianController.h

```
graph BT; A["icub-main/src/libraries  
/icubmod/cartesianController  
/ClientCartesianController.cpp"] --> B["icub-main/src/libraries  
/icubmod/cartesianController  
/CommonCartesianController.h"]; C["icub-main/src/libraries  
/icubmod/cartesianController  
/ServerCartesianController.cpp"] --> B;
```

This diagram illustrates the relationship between three files in the icubmod directory. At the top is a header file, CommonCartesianController.h, which is included by two source files below it: ClientCartesianController.cpp and ServerCartesianController.cpp. The header file box is shaded gray, while the source file boxes are white. Blue arrows point from each source file to the header file.
