

icub-main/src/libraries
/perceptiveModels/include
/iCub/perception/sensors.h

```
graph TD; A["icub-main/src/libraries  
/perceptiveModels/include  
/iCub/perception/sensors.h"] --> B["string"]; A --> C["yarp/os/Value.h"]; A --> D["yarp/os/Property.h"];
```

The diagram illustrates the include dependencies of the file `/iCub/perception/sensors.h`. A central box at the top lists the file path. Three arrows point downwards from this box to three separate boxes below, each representing an included header or library: `string`, `yarp/os/Value.h`, and `yarp/os/Property.h`.

string

yarp/os/Value.h

yarp/os/Property.h
