

icub-main/src/libraries  
/icubmod/embObjLib/diagnostic  
LowLevelFormatter\_hid.h

```
graph BT; A["icub-main/src/libraries /icubmod/embObjLib/diagnostic LowLevelFormatter_hid.h"] <-- B["icub-main/src/libraries /icubmod/embObjLib/diagnostic InfoFormatter.cpp"]; A <-- C["icub-main/src/libraries /icubmod/embObjLib/diagnostic InfoParsers.cpp"];
```

The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the path 'icub-main/src/libraries /icubmod/embObjLib/diagnostic' and the filename 'LowLevelFormatter\_hid.h'. Below it are two source file boxes (white). The left box contains the same path and the filename 'InfoFormatter.cpp'. The right box contains the same path and the filename 'InfoParsers.cpp'. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include this header.
