```
graph BT; A["icub-main/src/tools<br/>/frameGrabberGui2/dc1394sliderwb.cpp"] --> C["icub-main/src/tools<br/>/frameGrabberGui2/dc1394sliderwb.h"]; B["icub-main/src/tools<br/>/frameGrabberGui2/mainwindow.cpp"] --> C;
```

The diagram illustrates a dependency relationship in a C++ project. At the top, a grey-shaded box represents the header file `icub-main/src/tools/frameGrabberGui2/dc1394sliderwb.h`. Below it, two white boxes represent source files: `icub-main/src/tools/frameGrabberGui2/dc1394sliderwb.cpp` on the left and `icub-main/src/tools/frameGrabberGui2/mainwindow.cpp` on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include or depend on this header.
