

icub-main/src/modules
/dualCamCalib/include
/iCub/CalibToolFactory.h

```
graph TD; A["icub-main/src/modules<br>/dualCamCalib/include<br>/iCub/CalibToolFactory.h"] --> B["vector"]; A --> C["string"]; A --> D["iCub/ICalibTool.h"]
```

The diagram illustrates the dependencies of the file `icub-main/src/modules/dualCamCalib/include/iCub/CalibToolFactory.h`. It is represented as a dark gray box at the top. Three blue arrows point downwards from this box to three separate light gray boxes below it. The first arrow points to the box containing `vector`. The second arrow points to the box containing `string`. The third arrow points to the box containing `iCub/ICalibTool.h`.

vector

string
