The diagram illustrates a dependency or include relationship. A central box at the top contains the file path: `icub-main/src/libraries`, `/learningMachine/include`, and `/iCub/learningMachine/FactoryT.h`. Six blue arrows originate from the bottom of this box and point to six separate boxes below it. These boxes contain the names of C++ standard library components: `map`, `vector`, `string`, `cassert`, `stdexcept`, and `sstream`.
