The diagram illustrates a file dependency structure. At the top is a grey box representing a header file: `icub-main/src/tools/embObjProtoTools/boardTransceiver/boardTransceiver.hpp`. Below it are two white boxes representing source files. The left box is `icub-main/src/tools/embObjProtoTools/boardTransceiver/boardTransceiver.cpp` and the right box is `icub-main/src/tools/embObjProtoTools/boardTransceiver/main.cpp`. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
