

A diagram showing a directory structure. A large light blue rectangle with a dark border contains two smaller light blue rectangles with dark borders. The first small rectangle is labeled 'src' and the second is labeled 'app'. To the right of these two rectangles, the text 'icub-main' is displayed. The 'src' and 'app' rectangles are positioned side-by-side, and 'icub-main' is positioned to their right, all within the same light blue container.

src

app
