The diagram illustrates a file dependency structure. At the top is a grey box representing a header file: 'icub-main/src/tools /iCubGui/src/animationview.h'. Below it are two white boxes representing source files. The left box is 'icub-main/src/tools /iCubGui/src/animationview.cpp' and the right box is 'icub-main/src/tools /iCubGui/src/qavimator.cpp'. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header file.
