

`std::list< T >`

```
graph BT; Boards[Boards] --> list["std::list< T >"]
```

The diagram illustrates an inheritance relationship. A gray box labeled 'Boards' is positioned at the bottom, and a white box labeled 'std::list< T >' is positioned at the top. A blue arrow points from the 'Boards' box up to the 'std::list< T >' box, indicating that 'Boards' inherits from 'std::list< T >'.
