

icub-main/src/modules
/wholeBodyDynamics/observer
Thread.h

```
graph BT; A["icub-main/src/modules /wholeBodyDynamics/main.cpp"] --> C["icub-main/src/modules /wholeBodyDynamics/observer Thread.h"]; B["icub-main/src/modules /wholeBodyDynamics/observer Thread.cpp"] --> C;
```

The diagram illustrates a dependency structure where two source files, `main.cpp` and `Thread.cpp`, both include the `observerThread.h` header file. The header file is represented by a gray box at the top, while the source files are in white boxes below it. Blue arrows point from each source file to the header file.
