The diagram illustrates a file dependency structure. At the top is a grey rectangular box containing the header file path: 'icub-main/src/tools /skinManagerGui/mainwindow.h'. Below this box are two white rectangular boxes. The left box contains the source file path: 'icub-main/src/tools /skinManagerGui/main.cpp'. The right box contains the source file path: 'icub-main/src/tools /skinManagerGui/mainwindow.cpp'. Two blue arrows point from the top of each source file box to the bottom of the header file box, indicating that both source files include the header file.
